RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On December 19, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that that she suffered a Table Injury, shoulder injury related to vaccine administration (“SIRVA”), after receiving a tetanus, diphtheria, and acellular pertussis vaccination on December 31, 2015. Petition at 1. Petitioner further alleges that she has suffered the residual effects of her injury for more than six months and that she has never received compensation for her injury, alleged as vaccine caused. *Id.* at ¶¶ 27-28. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, the undersigned intends to post it on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, the undersigned agrees that the identified material fits within this definition, the undersigned will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On September 19, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded that petitioner's alleged injury is consistent with SIRVA of the left arm and that it meets the requirements of a Table injury claim for SIRVA stemming from the Tdap vaccination on December 31, 2015." *Id.* at 4. Respondent further agrees that "based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
